Message from the Vice-Chancellor

It is with immense pride that I introduce the SXUK Institutional Bibliography, a comprehensive showcase of St. Xavier's University, Kolkata's academic excellence from July 2017 to June 2025. This remarkable compilation highlights our vibrant research culture, nurtured since our inception.

The bibliography boasts an impressive array of publications: 53 books, 250 book chapters, 127 research articles in esteemed journals, 349 peer-reviewed articles, 11 patent publications, and 62 other notable publications. These numbers reflect the dedication and intellectual rigor of our faculty and researchers, contributing meaningfully to academic discourse and reinforcing our Jesuit tradition of excellence.

This bibliography is more than a catalogue – it mirrors our academic ethos, celebrating progress, showcasing strengths, and laying the groundwork for future collaborations. I'm confident it will inspire current and future scholars to push knowledge boundaries.

I extend my heartfelt appreciation to the Fr. Arrupe Central Library Team, led by Dr. Stephen G and Mrs. Sucharita Dey, and the Fr. Lafont Centre for Excellence in Research and Innovation (LCERI) for their tireless efforts in compiling this vital resource.

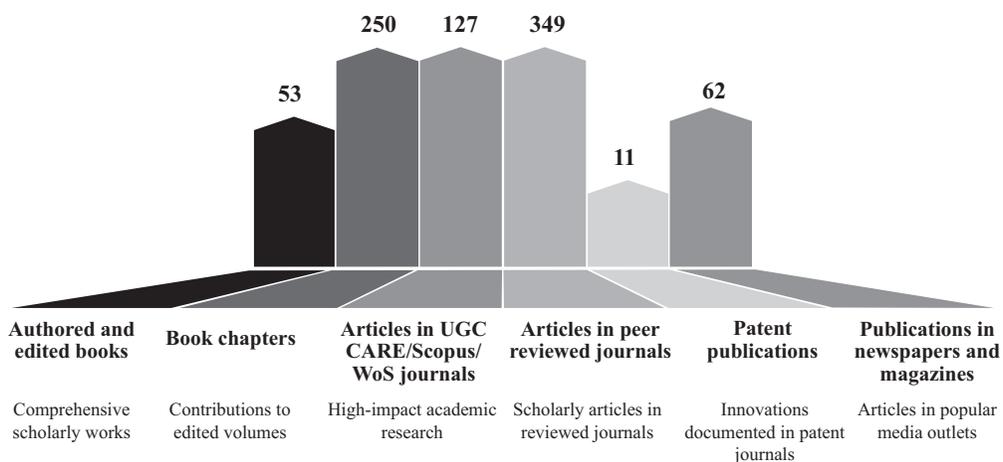

Together, we continue to forge a strong academic legacy for St. Xavier's University, Kolkata.

Sincerely,

Rev. Dr. John Felix Raj, S.J.
Vice-Chancellor
September 1, 2025

Fr. Arrupe Building (Library & Research Block)

Fr. Eugène Lafont, S.J. (1837–1908) was a Belgian Jesuit priest, scientist, and educator, widely regarded as the Father of Modern Science in India. He came to Kolkata in 1865 and dedicated his life to teaching at St. Xavier's College, where he established one of the country's first scientific laboratories. A visionary teacher, he introduced experimental science into Indian education and inspired generations of students, including Sir Jagadish Chandra Bose. Through his pioneering work, Fr. Lafont not only advanced scientific learning but also nurtured a spirit of inquiry, leaving a lasting legacy in the fields of education and research in India.

Fr. Eugène Lafont
1837 - 1908
